Patrons' Message

We are looking forward to the 2024 Show. This year we celebrate the 70th Annual Show since the Society reformed in 1952. There have been many changes and challenges over the years, and we are thankful to the Committee of the day for getting on with the job of organising this significant event. Sadly, our local area has lost a great number of folk willing to take on this work, and the Society now relies on others to help. But regardless of this, our volunteers, no matter where they live, are priceless for the time and effort they put in to assist. It is their input that has made the Show the success it has become and for this we sincerely thank them. Thank you also to the many sponsors that are always generous in their donations and congratulations to the exhibitors for their wonderful efforts in displaying prize entries for the public to enjoy. It's a team effort all way round.

Best wishes to all and enjoy the 2024 Show.

Beef Cattle Regulations

Entry Conditions

- Refer to “General Regulations” as well as any additional conditions for each section.
- All exhibitors must have Public Liability Insurance and to have the same endorsed for traveling to affiliated Agricultural Shows.
- Stud cattle must be registered in the name of the owner in a properly constituted herd book of the relevant breed association and must comply with the rules and regulations of the relevant breed association. Proof of registration or eligibility to register is to be made available if requested by the manager/steward.
- All animals must bear a brand, tattooed or fire, and the brand stated on the entry form.
- Calves may compete as an individual or may parade with their dam in any class she may be entered in, but not both.

- The Mt Larcom Showgrounds PIC is QECL0639 - Cattle will be scanned on arrival or very shortly thereafter. Your patience and assistance with this process is greatly appreciated.
- All cattle must be accompanied by an accurate and fully completed National Vendor Declaration or Queensland Way Bill and Health Declaration. A legible copy of this travel document must be handed over to the Show Committee for their record keeping when cattle are being scanned in. **It is the responsibility of the exhibitor to ensure they already have a copy if the same travel document is used for the return journey from the showgrounds.**
- The Show Committee will notify the database of all sighted cattle movements within 48 hours of cattle leaving the showgrounds. The sighted cattle transaction is used to record the presence of ‘animals of interest’ sighted on the showground without having to record a transfer of the cattle to and from a PIC of residence.
- All QCAS affiliated agriculture societies have developed a comprehensive Agriculture show Biosecurity Plan and all event organizer’s, competitors and spectators have a joint responsibility to ensure the successful implementation of the biosecurity plan.
- **All cattle must be presented tick and lice free.**

Cattle Shelter, Bedding & Fodder

- Undercover stabling will be available for stud cattle staying overnight. This cover is on a first come, first serve basis and late entries may be tied up outside the sheds.
- All attempts will be made to obtain sawdust or hay to bed cattle on, however this cannot be guaranteed. If available, it will be at no cost to the exhibitor.
- It is the responsibility of the exhibitor to provide all fodder requirements for their cattle.
